WATER PUMP WITH FAN CLUTCH

MAX COOLING KITS

US Motor Works has combined the strength of a technologically orientated manufacturer, superior sales and service organization and a sophisticated global distribution network to keep the company on the forefront of the automotive marketplace.

With the focus of providing Automotive and Heavy-Duty engine parts and components, US Motor Works is constantly looking for ways to support its customers by increasing the availability of quality parts and components. Currently, US Motor Works manufactures a complete line of water pumps, fuel pumps and fan clutches. In addition to our traditional Automotive and Heavy-Duty market, US Motor Works has merged with Derale Performance and Pacer Performance to expand our manufacturing and quality assurance to the High Performance industry.

Precision Engineering and manufacturing are essential in creating products that you can depend on. At US Motor Works, quality begins with skilled technicians utilizing materials that meet or exceed OEM specifications to manufacture premium water pumps, fuel pumps and fan clutches. Our specially trained technicians apply stringent quality control standards utilizing sophisticated technology to make sure that all US Motor Works products meet the rigorous demands of our customers. When you buy US Motor Works manufactured items, you are investing in technology that has been meticulously engineered, manufactured from the highest quality materials and thoroughly tested to assure accuracy, reliability and workmanship.

With more than 50 years of combined experience, we are committed to providing an extensive line of high quality products, the finest customer service and the best support program available in the automotive, high performance and heavy-duty market. Our 99.05% fill rate is proof we're on the right track.

A Certified ISO 9001:2015 Company

US Motor works, LLC and its employees are committed to providing an extensive line of consistent High Quality Products, the finest Customer Service and Satisfaction, through our commitment to the continual improvement of our Quality Management System of ISO 9001:2015.

OPEX: Operational Excellence

US Motor Works adoption of OPEX is a business philosophy aimed to achieve a sustainable competitive advantage. Operational Excellence focuses on the customer's needs. By leadership, teamwork and problem solving principles, US Motor Works achieves continuous improvement, empowered employees, optimized activities and processes.

Implementation of this philosophy is built on 'Lean Manufacturing' principles designed to achieve:

- World-class quality
- Maximum productivity
- Reliable delivery to the customer
- Competitive pricing

Lean Manufacturing is the foundation of the Operational Excellence implementation program to create maximum value for your customers. It builds an integrated product delivery process to meet the changing needs of customers while creating a fundamental and sustainable change in organizational culture.

Lean Manufacturing has helped us achieve:

- Substantial response time and lead time reduction with best in class On Time Delivery rate
- Significant quality improvement, and overall cost reduction,
- Constant innovation embedded as part of the day to day work at all organizational levels
- A permanent, on-going cultural change that delivers Continuous Improvement on a daily basis, with collaboration, commitment and partnership among all of the organization's employees

WATER PUMP WITH FAN CLUTCH

All Manufacturers names, numbers, symbols and descriptions are used for reference purposes only, and in no way does it imply that any parts listed in this catalog are the products of these manufacturers.

WARRANTY POLICY

US Motor Works, LLC

- USMW Professional Series brand of US Motor Works, LLC products are warranted to be free from defects in material and manufacture, under normal use and service.
- US Motor Works coverage will extend a full 12 months from the date of installation in an engine regardless of mileage or hours.
- US Motor Works will cover (replace free of charge or pay for) all labor and parts needed to repair the warrantable failure, including progressive damage to the engine concerned.

Conditions of the warranty are:

1. US Motor Works must be notified by the customer before filing a warranty claim.
2. All warranty claims must be in writing and US Motor Works reserves the right to examine every single engine or part subject to a claim under this warranty
3. Price of parts will be based on the US Motor Works current price list or other accepted suppliers at US Motor Work's option. Cost of labor will be of reasonable hourly flat rate (overtime or holiday rates are not accepted).

The warranty is also subject to the following limitations:

1. The provisions of this warranty shall not apply to any US Motor Works (USMW) brand part altered from its original specification (including but not limited to alterations in packaging and/or markings) or which has been misused, exposed to weather conditions, negligence or damage by accident.
2. The warranty shall be null and void, if the engine or vehicle is not maintained to the suggested OEM level. All receipts and records should be accounted for in the event it is requested for the warranty analysis.
3. This warranty is provided solely to direct customers of the US Motor Works and not any other party. It is the only agreement or obligation of US Motor Works. All other warranties, expressed or implied, including the warranties of merchantability and/or fitness for a particular purpose, are excluded.

MAX COOLING KITS

Do the job once, do the job right!

By providing a kit that replaces both fan clutch and water pump you reduce the need for upsells and returns because of premature failure of a new part. This not only helps save time and labor it also builds trust between distributors, installers and customers.

Designed, tested and inspected in the USA

WATER PUMP WITH FAN CLUTCH

One SKU not only restores cooling power, it can also BOOST SALES and improve customer relations

MAX COOLING KITS

Do the job once, do the job right!

Our Max Cooling Kits restore cooling power with quality components. Each kit comes complete with water pump, fan clutch, gaskets and applicable hardware.

USMW Professional Series fan clutch

- High-load bearings
- Improved shaft design
- Precision machining

USMW Professional Series water pump

- Case hardened bearings
- Metal impellers
- Designed, tested and inspected in the USA

Product Development

With our 6 simple steps in new product development process, US Motor Works sits in the driver's seat when it comes to quick and precise product development. From product definition to design, production planning and preparations, prototype production and final production run, it's a mere 120 days or less. US Motor Work's OPEX mentality enables us to be on the leading edge of product development.

E.I.T. Electronic Information Technology

US Motor Works utilizes proprietary Electronic Information Technology as a communication and information platform for new product releases, bulletins, technical updates and general client correspondence. USMW E.I.T. is internet based with 24/7 365 days a year access to keep our clients up to date in the most efficient and expedient format possible.

As part of our E.I.T. Platform we have also added the Pro Tech Center to the www.usmotorworks.com website. The US Motor Works PRO Tech Center is designed to keep you up to date with the latest articles, product releases, tech tips and videos.

A.E.T.S. Advanced Engineering & Technical Support

US Motor Works has created an engineering and technical environment from the design process to the final production product. Starting with CAD/CAM 3-D projections, computerized testing, a complete manufacturing plan and ending with a reliable distribution network. US Motor Works is able to track and control all related design, quality processes and packaging with specifications and manufacturing excellence in mind.

Manufacturing

Our State-of-the-art manufacturing utilizes our four principles; Supply Chain (improved flow), Quality Management (robust quality assurance), Production (pull & flow and 5S) and Measurements by KPI's (Key performance indicators). With these manufacturing principles and our continuous improvement ideology under the OPEX umbrella, US Motor Works continues to be the front runner among the industry leaders.

In-House Marketing & Graphic Design

Our In-house marketing and graphic design department helps to ensure our branding is at the forefront of the automotive industry. Working closely with category managers allows us to create powerful advertisement campaigns, marketing sales tools and educational pieces.

Along with the printed media, our team also works on a digital platform via brand specific websites and social media. Through social media we are able to connect with the end users and get genuine testimony of our products, thus making each brand recognizable and a name they can trust.
